

SEARCH. PONDER AND PRAY

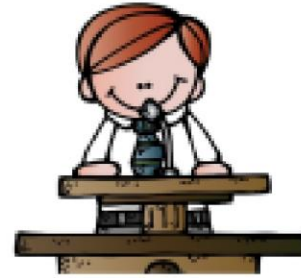

Instructions: Cut each picture/word out along the dotted lines.. Hide them in various places throughout the room. Give each child something that is used for searching (a magnifying glass, flashlight, toilet paper tube). Sing the corresponding phrase of the song over and over until they find the picture that goes with it. Then repeat for all the phrases until they can arrange them in order. For younger children, print it out twice and show them the picture they need to find while singing the phrase.
