

Jesus Has Risen

Directions:

Cut out a picture of the Savior for each primary child (or person in your family, as the case may be). While singing the primary song *Jesus Has Risen*, raise the picture up high each time the lyrics reference Jesus. (Hint: this includes the word "He" and "Him"). For an added variation, fill a plastic Easter egg with rice or beans for each person, seal it shut, and shake it each time the Savior is referenced while singing this song. This has the added bonus of reinforcing syllables, as you will shake it one time for words like "he" and twice for the words "Jesus" or "Savior". Repeat either activity as needed until your children have the entire song memorized.
